About Pitman

Pitman Training is the UK’s leading independent training provider, helping the nation transform careers and change lives through self-paced vocational training.

Revolutionising office skills since 1837, Pitman Training has a wealth of heritage which underpins the foundations of our premium products. We continue to develop our courses, diplomas and seminars by incorporating modern technologies and advances in learning to remain synonymous as a leading independent training provider.

Specialists in PA, Microsoft Office, Business, Finance and IT skills training, Pitman Training offers a flexible approach to training for employment and has been trusted for generations which has enabled the provision of exceptional centre-based training for thousands of people every year throughout the UK and overseas.

Helping to improve the nations career prospects and support those looking to change career, return to work and develop further for career progression, we enable the pivotal steps which can change lives. Pitman Training’s friendly Course Advisors work with employers and students to find a tailor made solution to meet their training needs.

Get ahead in business with a brand that supports you – Get The Pitman Advantage™

Book Appointment

Whether you book a face-to-face in-centre or online info session, our friendly course advisors can meet with you to provide helpful information about:

- Our training centres
- Our diplomas, awards, and courses
- Types of career opportunities our graduates can pursue

Each booking automatically reserves a 30 minute time slot. However, slots can be as short or as long as you need to get the information you require.

Student Testimonials Transforming Dreams Into Success

0161 907 6724

Home

Vasileios chose Pitman because it seemed like a good option, and he really wanted to make his dreams come true. He decided to study Data Analysis because it meant he could learn more about software and what companies need these days.

His training at Pitman Training didn't just change his career; it changed his life. He's more confident and uses what he learned.

Vasileios has some advice for anyone thinking about learning something new: "You can still do it even if you are working and have a busy family life. And even if you are already doing the job, it's a great way to improve and gain more knowledge to be the best you can be."

In the end, Vasileios wants to say a big thank you to Pitman Training for giving him the chance to change his life. His story shows that with hard work and good education, you can make your dreams come true!

Kalina Sabcheva, a professional with a background in teaching and team management at Argos, embarked on a journey of upskilling with Pitman Training. "I have a university degree from Bulgaria in teaching, and I was a team manager at Argos. I required a career change, which is why I chose Pitman.

What she enjoyed most about studying with Pitman was the well-structured course and easily comprehensible modules, stating, "The course structure and the easy-to-understand modules were great!" Kalina also emphasized access to a Learning Coach was a significant benefit, reinforcing the value of personalized guidance in the learning process.

Kalina's investment in training paid off as it enhanced her efficiency at work, aligning with her career, life, and confidence goals. Her advice to others considering training or learning is a resounding recommendation of Pitman Training: "Yes, I will recommend Pitman Training to my friends!"

Thank you for registering
with Pitman Training a
course advisor will be in
contact to discuss next steps
within the next 48 hours.
